More Than 300,000 Troops Are Holding Out Against Enemy

British and Greek Forces Withdraw To New Defence Positions—Stand Expected At Thermopylae Pass

VICHY, France, April 22.—(AP)—Yugoslav diplomatic sources said tonight that five Yugoslav armies numbering from 300,000 to 400,000 men were successfully holding out in the centre of the country against German and Italian attacks.

The territory in their control was said to be roughly a quadrangle bounded on the east by a line parallel with the Belgrade-Nis railway, on the west by Poca and Pec.

It was explained that only the 1st and 4th Yugoslav armies captured in the north, while the rest withdrew to a compact square. Eight thousand troops tried to break through to the south, but were repelled, according to the same source.

Mr. King received Ottawa representatives in his office last Monday afternoon and described his visit to the United States which culminated Monday night in a joint announcement by him and the president, in Hyde Park, N.Y., of new measures of economic co-operation between the two countries.

Highlights of the prime minister's comments on his United States visit: 1—President Roosevelt has accepted an invitation to visit Ottawa and hopes to be in the capital several days between May 10 and May 15.

2—Canada will be called upon to provide for the United States possibly \$300,000,000 worth of defence essentials in addition to present exports to that country.

3—Canadian industry and industrial workers should prepare for capacity production and guard against any efforts to take advantage by demanding under payment for goods or services.

4—Canada has not asked for anything from the United States under the American Lend-Lease legislation.

5—If it can be done without incurring Canada's ability to finance war purchases in the United States, the government would be disposed to alleviate restrictions against Canadian pressure travel across the international boundary.

6—Main purpose of the "Hyde Park declaration" was to "mobilize this continent so far as it is inhibited by Canada and the United States" to give the attack and the most efficient material aid toward winning the war.

7—The line has come for Canada.

Crash Victim

MISS EDITH CRUMMER, who died in a city hospital early Tuesday following a collision on the highway near Bremner, Monday night. Her mother, Mrs. Emily Crummer, was seriously injured, and a brother, Robert Crummer, is also in hospital with injuries.

GIRL KILLED. TWO HURT IN ROAD MISHAP

Edith Crummer, 22, Bremner, Dies Following Collision

Edith Crummer, 22, died, her mother, Mrs. Emily Crummer, severely injured, and a brother, Robert Crummer, 26, less seriously hurt, following a collision between the Crummer car and a truck on the highway near Bremner at about 11:30 p.m. Monday. All are residents of the Bremner district.

Rushed to the Royal Alexandra hospital in a car by J. Reynolds of the Bremner garage and service station, Bremner, the Crummer girl died at 4 a.m. Tuesday. She is said to have had one limb almost severed by a large axle, and her mother, Mrs. Crummer, was badly bruised about the head and body.

Robert Crummer's injuries are not thought to be serious.

RETURNING HOME

The Crummers were returning to their farm home, 2½ miles northwest of Bremner, after seeing some friends off on a journey from Edmonton.

The trip to the city was made for the purpose of buying a new car. The Crummer girl was driving the car.

ACCUSED SAYS TAKES POISON AFTER ATTACK

Mike Kalamandou Charged With Murder Attempt On Girl

Declaration he had drunk a bottle of poison was made by Mike Kalamandou, charged with attempting murder before Magistrate Miller in police court Tuesday morning.

Kalamandou was committed to stand trial on a charge of criminal assault. He was not represented by counsel and pleaded his defence.

Asked if he had anything to say accused said he had not told police about drinking the bottle of poison after the attack with a revolver and knife on the young Levinsky girl.

The assault is alleged to have taken place on the night of April 14, at the home of the Levinsky girl at 10600 80 street, where Kalamandou has resided as a lodger for six years.

He had been committed for trial before being committed for trial Kalamandou stated: "When I left the house that night I got a bottle of poison like they use to clean the house. I drank it and then walked to the house of the Levinsky girl. I did not want more trouble. For six days I have not felt the poison, but I feel it now."

In a statement, said to have been taken from accused on the day after the attack by Det. W. McDonald, read to the court, Kalamandou said he had planned to kill the Levinsky girl by shooting her with a revolver, but that the shells in the gun had failed to go off.

In his statement Kalamandou said he had "loved" the Levinsky girl, but would have "killed" her if he had had a revolver.

He said he had told Valentine Levisky regarding the attack, but that she had told him to go around with men.

"I decided to kill her," he said, "I decided to kill her with a revolver and knife in my pocket. I pulled the gun out and tried to shoot her but the shells in the gun had failed to go off."

Six Transport and Supply Ships, and One Enemy Destroyer Hit In Bombardment Of Libyan Capital

LONDON, April 22.—(CP)—British naval aircraft have torpedoed a 10,000-ton tanker, a 6,000-ton supply ship and a 7,000-ton ammunition ship carrying supplies to the Axis forces in the Balkans. The Admiralty announced today that the bombardment of the Libyan capital, Tripoli, was successful.

The bombardment was carried out by the aircraft carrier HMS Ark Royal, which was supported by the battleship HMS King George V and the cruiser HMS Devonport.

The results of the bombardment were: a 10,000-ton tanker, a 6,000-ton supply ship and a 7,000-ton ammunition ship were hit and damaged. The tanker was set on fire and was burning.

President Roosevelt Will Visit Ottawa Next Month Prime Minister Announces

OTTAWA, April 22.—(CP)—Prime Minister Mackenzie King said Monday the note of friendly co-operation between Canada and the United States was never stronger than at present, and that it will be further strengthened by the visit to Ottawa by President Roosevelt, probably before the middle of next month.

Mr. King received Ottawa representatives in his office last Monday afternoon and described his visit to the United States which culminated Monday night in a joint announcement by him and the president, in Hyde Park, N.Y., of new measures of economic co-operation between the two countries.

Highlights of the prime minister's comments on his United States visit: 1—President Roosevelt has accepted an invitation to visit Ottawa and hopes to be in the capital several days between May 10 and May 15.

BRITAIN SEEN WINNING WAR WITH U.S. AID

Aircraft Designer Tells
Why Lindbergh Takes
Wrong Stand

NEW YORK, April 22.—(AP)—Aircraft designer, Charles A. Lindbergh, said Monday that the United States military aircraft with a range of 35,000 miles and delivered against an attack on North America is a practical possibility. He also sees Great Britain, backed by the United States, winning the war.

Answering Col. Charles A. Lindbergh, who in a recent "letter to Americans" asserted an attack upon the United States by a foreign power was "out of the question," Major De Seversky wrote in the Major De Seversky's "The War."

FALSE PROPHETS
"I contend that those who deny the possibility of such an attack are jelling the American people into a false sense of safety as dangerous as the 'Maginot line mentality' that France is indulging in."

Col. Lindbergh, so well aware of what would happen in such matters has done to European nations, should be the last one to join in the lullaby."

With the continued extension of bombers flying range, the American continent would be as vulnerable to attack, De Seversky said, as the British Isles.

He said that with a 25,000-mile range, "holly realistic" in five years at the most.

NO NATION IMPUNE
"That will mean," he said, "that no nation and no part of any nation will be immune from direct attack from any part of the world."

In the article titled "Why Lindbergh is Wrong," De Seversky, who commanded the Russian aerial units in the Baltic sea, said that he felt Britain, if given full material backing of the United States, "has only a minor chance of not winning."

He wrote also that by building for Britain the United States is tiding itself by developing an industrial foundation to meet its eventual air needs.

**Tribute Is Paid
By Dominion To
Gallant Seamen**

NEW YORK, April 22.—(AP)—Canada's tribute to a gallant Norwegian captain, his officers and crew for rescue operations carried out after the torpedoing of the liner Athenia at the start of the war was paid Monday in a ceremony at the office of the Canadian government trade commissioner here.

The commissioner, Douglas S. Cline, presented on behalf of the Canadian government a silver plaque dedicated to Capt. Carl J. Anderson and the officers and crew of the Norwegian motorship Knute Brydon, inscribed "in recognition of gallant conduct in rescuing survivors from the passenger steamship Athenia torpedoed without warning by a German submarine off the north coast of Ireland, Sept. 3, 1940."

**Father Of Local
Resident Passes
In Regina City**

REGINA, April 22.—(CP)—Dr. Irving, pioneer Yorkton, Sask. surgeon, died in hospital here late Sunday from injuries suffered in an automobile accident near Regina April 12. He was 65.

The body was shipped to Yorkton for burial.

Mrs. Noel Forrest, his eldest daughter, flew from Edmonton to be at her father's bedside. Dr. Irving was a member of the Rotary Club, a lifelong member of the Masonic Lodge and a member of the Dominion and provincial medical councils.

Besides his widow and two daughters, Dr. Irving is survived by two sisters and a brother, George, of Los Angeles.

**Greek Freighter
Bound For East
Reported Lost**

WASHINGTON, April 22.—(AP)—American Red Cross officials said Monday night a Greek freighter carrying \$120,000 of medical and relief supplies to the Balkans had been lost.

The freighter Grigoris, disappeared in the South Atlantic about three weeks ago, they said.

Another Greek ship which sailed from a United States port the freighter Kassandra, London, carrying \$175,000 of supplies, had not been heard from for several weeks but when she last reported that matters were going "nice," the officials added.

Nazi Surrender
MEXICO CITY, April 22.—(AP)—Six crew members of the seized German liner Orono who fled to sea from Tampico April 8 in a 30-foot yawl gave themselves up to immigration authorities Monday at Vera Cruz. The government information officers reported.

Pan-American Belle

One of the most beautiful phases of the celebration marking Pan-American Day in Miami is Carnival. It was made here by the Carnival in Wells, who makes her mark on an Eau Claire and strap, ideal for beach lounging. The Pan-American influence will be dominant in the beach fashions of the coming season, we're told.

**ATHLONE VISIT
TO CALGARY IS
AN ACTIVE ONE**

CALGARY, April 22.—(CP)—In a pack packed with civility, His Excellency, the Earl of Athlone, governor-general of Canada, and Her Royal Highness, the Princess Alice, met many Canadians, representative of both civil and military life, and were cheered by thousands Monday at the C.P.R. station and at Currie Barracks where they spent the afternoon.

His Worship Mayor Davidson presented members of the city council and their wives, chairmen of the public and separate school boards and their wives to the vice-regal couple.

Formation of five members circled the home field of No. 3 S.F.T.S. during the whole of the night of the governor-general. During the parade and inspection at Currie Barracks a slight diversion was caused when two bombers from the school flew low over the parade ground and pulled up in a steep climb and went on their way back to work.

Planes were landing and taking off continually during His Excellency's visit. Training was not held up a moment in the R.C.A.F. station with the men going on about their work and only came to attention while the governor-general passed on his tour of inspection.

**Members Of Air
Force Spot Fire
On Alberta Farm**

CALGARY, April 22.—(CP)—An alarm turned in by R.C.A.F. airmen who spotted the blaze from the air sent Calgary city firemen to battle fire on the ranch of Col. E. E. May of Springfield, five miles west of here Sunday afternoon.

A stable and a shed were destroyed, with unestimated loss, but firemen were able to save other buildings.

Airmen engaged in routine flying operations saw the blaze and notified the fire department when they landed. They reported no building was involved and another burning. A few minutes after their call, a phone message asking help was received from the ranch.

**Report In Vichy
Nazi Demanding
Passage To Spain**

VICHY, France, April 22.—(AP)—It was reported tonight in Vichy that German terms brought to the French by Otto Abetz, German ambassador at Paris, included a demand for free passage of German troops en route to Spain.

The report was accepted by Vichy government and diplomatic circles but a movement into Spain by the Nazis for operations against Gibraltar is a matter of a few weeks at most and possibly only days.

**Vatican Denies
Nazi Statement**

LONDON, April 22.—(CP)—The Vatican radio denied Monday night reports a pastoral letter, concluding with a prayer for final victory for the Axis, had been read by order of the bishop of all German churches at Easter, the British Broadcasting Corporation reported.

The broadcast and the report, which had come from Berlin, had been published in Italian newspapers. The alleged pastoral letter was said to have been addressed to the German soldiers.

SERVICES OF U.S. DOCTORS ARE REQUIRED

President Roosevelt Asks
For One Thousand American
Volunteers

HYDE PARK, N.Y., April 22.—(AP)—President Roosevelt Monday night urged young American doctors to volunteer for service in military and civilian hospitals of "our British friends."

He said in a statement, released at the temporary White House, that the British Red Cross had appealed through the American Red Cross for as many as 1,000 young United States doctors to help it meet "an acute shortage" of physicians in British hospitals.

"As president of the American Red Cross," Mr. Roosevelt said, "I heartily approve this request."

NEED IS URGENT
He said his views were shared by the surgeon-general of the army, navy and public health service and that the doctors whom Britain "so desperately needs" are much to be lured the wounds inflicted upon civilians and military in this cruel war."

The physicians who volunteer, the president explained, will be employed by the British Red Cross and will be protected by the Red Cross of Great Britain.

"I am also informed that the division of medical sciences of the National Research Council, the American College of Surgeons and the American College of Physicians have offered their assistance to the American Red Cross in meeting this emergency."

American Youth Hurdles Law To Join Air Force

VANCOUVER, April 22.—(CP)—Albert Jacobs, of Hollywood, Calif., 18-year-old orphan, Monday hurdled a legal obstacle which prevented him from joining the Royal Canadian Air Force by getting a guardian appointed for himself.

Approval of a guardian was necessary since Jacobs is a minor. When an older sister and brother in the United States refused to endorse his enlistment, Jacobs presented a petition in Supreme court yesterday in Victoria, B.C.

Mr. Jacobs, assumed the responsibility and signed the necessary documents.

**MANY CITIZENS
OF U.S. WILL
VISIT CANADA**

OTTAWA, April 22.—(CP)—Hundreds of United States citizens have accepted Prime Minister Mackenzie King's invitation to visit Canada this year. But it was learned Monday, there are some things they want to know about.

By broadcast and advertisement, the prime minister invited Americans to Canada this year and the Canadian travel bureau listed these things:

1—Scores have written asking they want to come to Canada and help "Fick Hitler."

2—Mr. King has received several notes of appreciation from persons who call themselves "one of millions."

3—The happy relationship between Canada and the United States have been the theme of many messages.

4—Hundreds have stated, simply, that they were coming to Canada this year and Mr. King let them know what the visit was all about.

War Effort Here In
Canada

OTTAWA, April 22.—(CP)—Prime Minister Mackenzie King said a press conference here Monday that he felt he could do more at this time to further the war effort by remaining in Canada than going to the United Kingdom to attend a meeting of prime ministers.

Quintessential on the suggestion in London dispatches that the British government was anxious to have prime ministers from the Dominions meet in London, Mr. King said: "That is pure speculation and does not express the official point of view in London."

LONDON'S VIEW
The view of the British government, according to the official information he had received, was that an assembly of empire prime ministers just now was not thought necessary or advisable.

People who thought there would be advantages in having the prime ministers meet around a conference table in London did not appreciate how the business of the empire was carried on at this time.

"I would not wish to make an important decision on the conduct of the war without consulting them," he said. This consultation could be arranged as promptly if he were in London as if he were in Ottawa, where he could assemble his colleagues quickly, take the matter over, arrive at a decision and then call Prime Minister Churchill by telephone and tell him what the decision was.

Looking them Over

JACK KELLY

FOR the last few days I have been asking sundry citizens here and there around town if they knew of any unaccountable reason why we shouldn't put another hour of play time into our spring and summer by adopting daylight saving time.

The answer has been the same from all. They declare they are wholeheartedly in favor of it. Then they ponder for a minute or two, each according to his own favorite way of pondering such a scratching his head, rubbing his chin, wrinkling up his forehead, etc.—and finally declare that they know of no good reason why we shouldn't have it, but believe there must be some or else we would.

One of the favorite guesses advanced as the reason for not having daylight saving time here is that we have a heap more daylight than most other cities on the continent.

That is unquestionably true, but it is still no reason why we shouldn't have more. Summer here is little more than a flick of green that is splashed over the country and gone before you have quite recovered the shock of seeing it.

My preliminary survey on the question was not particularly exhaustive for I would much rather exhaust myself on a golf course in my spare time than these days in making surveys. However, it did indicate that every sports-minded person in Edmonton would hail the introduction of daylight saving time as a gesture of enlightenment from the city council—and there are a good many thousand sports-minded folk around this town.

They argue that there is plenty of daylight, but that two or three hours of it are being wasted in sleep on the morning end. They would be mighty enthusiastic about it if it was of the nature of a gift and tucked on the evening when they could get some real good out of it.

It would be a great help in baseball. The present routine is that most of the fans work until 5:30 or 6:00 p.m. and they simply can't get home, see their supper and get back to the park in time to see enough of the game to make it worthwhile when the game has to start at 6:30 p.m. in order to finish before dark. But add another hour of daylight and the game starts at 7:15 or 7:30 and big crowds will be no rarity at Kenmore park.

The hundreds of citizens who have family cottages at lakes are also strong for another hour of daylight. It gives them a chance to get in some worthwhile fun swimming or boating. As it is now, most of them get to the lake just about sundown.

With apparently the vast majority of Edmontonians in favor of setting all clocks ahead an hour for the rest of the spring and summer, it looks like a movement that some energetic public body should head up and push across without delay.

Baseball Meeting Likely Thursday

LAST night Ed Wright, secretary of the Central Alberta Baseball League, sent out a call to representatives of the Arrow, Dodgers, Ponies and Westwicks for Thursday evening of this week. It will be the annual general meeting called by President Gordon Butler to size up the situation for this season. In the event that the league can't make it Thursday, the meeting will have to be set over until next week.

Edmontonians who take a close interest in baseball will be glad to hear that Vir Horner has definitely decided to continue with his Arrows. Vir has done a heap for Edmonton ball by having developed a lot of players in the past. In fact if it were not for some of Vir's junior clubs of the past, we wouldn't have a handful of players here today. The game would be hard hit in Edmonton if Vir should drop out of active participation.

Tractor Track Beat War Admiral

ONCE in a while fiction-like events are pulled off in real life. Back in November 1938, War Admiral and Sea Scout met in one of the great milk races of turf and until just the other day, the War Admiral camp never found out it was that Sea Scout, who can beat when he could hear his hounds trotting on dry ground, was able to win over a wet track.

Jackie Wood, who rode Sea Scout in that memorable race, tells the story.

"I had rained," relates Wood. "The track was kinda bad."

"So the night before the race I sat around the barn until it was dark. I took a pocket flashlight and went out on the track. I walked from the half mile post to the head of the stretch, looking for holes."

"At the top of the straightaway I saw the track of a tractor... 30 feet from the rail. I found a hard spot almost a yard wide. Followed it. It saw it formed a path all the way around the track. It was lightly covered with loose dirt from harrows and graders, but it was a good firm path. I walked around again, so I couldn't make a mistake."

"I found Sea Scout on the break like he was a quarter horse... landed him on that lane. I didn't get off it until we had finished."

"The Admiral—well, he was in the soft going."

Tennis Isn't A Waltz

Alice Marble Sacrifices Allure For Wins

By HARRY GRAYSON

REYNOLDS, April 22—(INA)—

Alice Marble, who isn't at all hard on the eyes, inspected the picture of herself in action that is shown on the right and laughed.

"That's what a girl gets for playing tennis," said the world's greatest lady player.

Despite the strange position Miss Marble has in the photograph,

both feet off the ground and stretched and reaching for her ball, there is grace and beauty of body.

The eye is no the ball and court is perfect position for a return with a back-hand volley.

GAME COMES FIRST

Miss Marble became a triple titleholder because she was willing to forego feminine allure in tennis ball, no matter what extent it cost her.

Champion at a disadvantage.

Among the innovations Mrs. Marble has made in tennis, as well as in general sports, is women's the fact that she overcame the biological nature of the game and fair ones to avoid appearing awkward.

Another interesting thing about the picture is a relationship the late Suzanne Lenglen's game had to Miss Marble's. It is that the perfect shot is made with both feet off the ground.

This gives the player perfect balance and equilibrium in mid-air.

CAN'T EXPLAIN IT

Such experts as Miss Marble and her famous coach, Eleanor Tennant, can't account for that, but it is really it happens to be a fact.

Mademoiselle Lenglen's gift of being off the ground a good deal when hitting shots, including ground balls.

Miss Lenglen had rhythm. So did Miss Marble.

But tennis is not a waltz, asserts Miss Marble.

See the way she plays it.

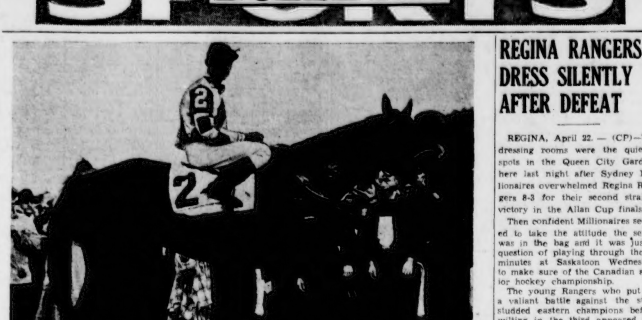

The Return's The Thing

Alice Marble forsakes trying to look pretty in making almost impossible shot. Despite strange position, now she eye is on ball and expert in perfect position for return.

As for Alice Marble points out, Venus de Milo in top flight attitude the only time a girl can always competition is when she is wearing work like a paraded Miss Lido and is holding out.

Winnipeg Club Beats Montreal 4-2 In Junior Opener

REGINA, April 22.—(CP)—The dressing rooms were the quietest spots in the Queen City Gardens here last night after Sydney Millionaires overcame the Regina Rangers 4-2 in their second straight victory in the Allan Cup finals.

Then confident Millionaires seemed to take the attitude the series was in the bag and it was just a question of playing through the 60 minutes at Saskatoon, Wednesday, to make sure of the Canadian senior hockey championship.

The young Rangers who put up a valiant battle against the star-studded eastern champions before willing in the third appeared extremely downcast and not one of the players had a word to say as they pulled off their skates, sweaters and pads.

Big Bill Gill, Sydney coach, talked for Millionaires and said his players wanted to finish off the series as quickly as possible and get back to Regina.

"I don't think Rangers are any setup," added Gill, puffing his usual large cigar. "But I think we'll take them Wednesday."

Bill remarked that the Rangers were the victims of some tough breaks, adding Millionaires were a great big period club and they unloaded their power in the final 20 minutes. Regina had no chance to score from behind.

Chad Freddy Metcalfe felt Rangers should have run up at least several goals in the second when they showed their best against the champions.

In the Sydney dressing room the only player to make any comment was centre Bobby Walton who complained that Rangers had played too roughly.

The thing that was the game for the Rangers was good shooting and by the same token poor shooting cost Royals any chance of victory.

The teams were even in almost every other respect with goalie Leith Dickie performing well in place of Ritchie and Bob MacFarlane filling in capably in Ward's place.

When it came to finding the net with the puck, the Rangers had a definite edge over their eastern opponents. Fabro and Hickey made mistakes when they were in clear on Dickie in the third period.

Deadly Goal Sniping Puts West One Game Up For Title

TORONTO, April 22.—(CP)—The West took the first step towards breaking the east's two-year hold on the Memorial Cup Monday night as Winnipeg Rangers defeated Montreal Royals 4-2 in the opening game of their best-of-five game series for the Canadian junior hockey title.

Gunning for the crown worn for the past two seasons by Ottawa Generals, the Rangers from Winnipeg scored twice in the first period and twice in the third to gain their victory over a Quebec province club that found the mark for a pair of goals in the opening session.

Rangers showed little effect from a 36-hour train ride from Winnipeg that found them reaching Toronto only a dozen hours before game time. Two of their goals went to Sam Fabro while the others were scored by Bill Robinson and Les Hickey.

Both Royals goals were scored by Bobby Carragher, the little fellow who played such a prominent part in Montreal's victory in the eastern final over the Generals.

USE INJURED FAIR

At the last moment coach Lorne "Baldy" Northcott decided to use Robinson and Hui MacFarlane in the Rangers lineup despite earlier declarations that the probably would miss the game due to hip injuries. The move paid dividends.

Robinson particularly was a prominent part in Montreal's victory in the eastern final over the Generals.

Besides scoring one of Rangers' first-period goals, he made his play for third-period tallies by Fabro and Hickey.

Although Rangers played at full strength Royals' goal was a makeshift team to the ice in comparison to the club that eliminated the Generals.

They were minus goalie Ross "Baldy" Northcott, Bruce Ward and the two forwards who have played all season beside Carragher.

Grant Morrison and Bud Farmer, Farmer is out for the series due to a hip injury, suffered the brunt of the final while the other three players were forced to remain in Montreal to take definite examinations. They will be on hand for the second game Monday, Thursday night.

The thing that was the game for the Rangers was good shooting and by the same token poor shooting cost Royals any chance of victory.

The teams were even in almost every other respect with goalie Leith Dickie performing well in place of Ritchie and Bob MacFarlane filling in capably in Ward's place.

Millionaires Drub Regina Rangers For Second Straight Victory

Giants Jump On Dodgers' Ace Hurler For Sixth Win

Believe It Or Not—By Robt. Ripley Sydney Expected To Lift Allan Cup In Three Games

NEW YORK, April 22.—(AP)—This is going to be another "comeback year" for a lot of old timers who were shown little respect for age or service in the big leagues last season judging by results so far.

The only pitcher in the big show who has scored five victories in the first week of the season is Wesley Ferrell, 35-year-old right-hander who was counted out of the American League more than a year ago and counted made the grade in the National last season.

Boston Red Sox signed him up during the winter and he looks as though he will stay around awhile. If only to pitch against the Phillies who have been the only team to ever throw a victory over him.

Medo, who has scored exactly half of his 22 years playing with New York Giants, is now expected to totter on aging legs last summer. He was going bad, too, some folks said, and he tried wearing spectacles at the plate.

Medo's fourth home run during yesterday's 7-1 triumph over Brooklyn Dodgers before a big Monday crowd of 17,500 at the Polo grounds, Bud Haffley, who will be 37 years old in a couple of months, pitched six innings for the Giants and left the game in the lead.

The rash of Boston Red Sox players was stopped by the lively Senators who burst out with four runs in the seventh inning and staggered to a 6-5 victory.

New York Yankees made hash out of Philadelphia Athletics again with a 17-hit bombardment that brought a 14-4 victory. The Athletics hit a home run, a double and the Giants a home run.

Rain and cold weather disposed of the national scheduled for the western clubs.

REGINA, April 22.—(CP)—There were few hockey fans who held any doubts today about Sydney Millionaires duplicating the record of last year's Kirkland Lake Blue Devils with a three-straight victory in the Allan Cup finals.

Millionaires, an all-star aggregation of fast-skating opportunists, overwhelmed the young Regina Rangers 8-3 here last night and wiped out the hopes of those who still held Regina's 8-6 win in the first game.

Third game of the best-of-five series will be played at Saskatoon Wednesday and the Eastern Canada champions are odds-on favorites to win again and repeat their "Miracle" championship with three straight victories. Kirkland Lake did against Calgary Stampede last year.

Regina have come to expect all most anything of Rangers who were the league schedule, then they were a provincial championship and finally the Allan Cup.

Regina's efforts to gain a lead after ducking the goal at 2-2 in the third ended in a 3-2 victory. After the Westerners' first period, the Millionaires counted four goals on Newkays and all went down the puck cornered a Regina blunder.

INFILTRATION IS NEW WAR SYSTEM EDITOR DECARES

We must learn a new system of warfare and at the same time provide equipment to put that system into effect if we are to successfully combat the efforts of Hitler and his associates.

Mr. Craig stressed the fact that the new system of warfare is based on the theory of infiltration and that the old-line method of frontal attack is obsolete.

Mr. Craig also mentioned the fact that a decisive battle in this war will probably be waged in Turkey for the offshoots of Iraq and Iran.

Holy Trinity Is Scene Of Marriage

A pretty wedding was solemnized in Holy Trinity church recently when Edna Anne Shaw, daughter of Mr. and Mrs. A. F. Shaw, was united in marriage with Victor Douglas McNally, only son of Mr. and Mrs. G. McNally of Watrous. The marriage was performed by Rev. Mr. Scott.

The bride, who was given in marriage by her father, wore for her wedding a charming white dress with a long train and a full skirt. She carried a bouquet of pink roses. Mrs. Frances Shaw, the bride's mother, was escorted in a gown of royal blue adorned with a shoulder corsage of pink roses. Mr. Stanley Ruff, of Watrous, supported the groom as best man.

Following the ceremony, a reception was held at the home of the bride's parents. About 30 guests attended. Miss Shaw received the guests in a fashionable afternoon dress, with a corsage of roses at the shoulder.

Mr. and Mrs. McNally will make their home in Watrous.

Edith Hughes Is Lovely Bride Of Tuesday

KNOX UNITED CHURCH filled with fragrant blossoms of early spring when Edith Hughes, daughter of Mr. and Mrs. James P. Hughes of this city, became the bride of Dr. Courtney Cleveland, recently of Vancouver.

Three o'clock was the hour chosen for the ceremony and the marriage service was read by Rev. Mr. Scott.

Witnessed interest of a host of friends in Edmonton is shared with that of many at the Pacific Coast. The bride, who has been an employee of the Edmonton Public Library, is a member of the Knox United Church of the Victoria Island of Nanaimo in Edmonton, and has many friends in local club circles.

Entertainment At Garrison To Be Co-Ordinated, Is Plan

AT A MEETING of the Garrison Entertainment Board, held in the Macdonald hotel during the week-end, with Mr. E. M. Madsen Jones in the chair, it was decided that a certain amount of duplication, present in the work being done for the troops, would be obviated by the Board acting in a clearing house for all entertainment and keeping a continual schedule of entertainment on hand.

It was decided further that a certain standard in entertainment should be set. Entertainment will include dancing, picture shows, variety shows, musical shows and plays.

A further meeting of the co-ordinating council of Canadian War Services Board.
